

The Orchard Pre-school Equal Opportunities Policy

The Orchard Pre-school is particularly proud of its fully inclusive environment. We accept children and families from all sections of the local community. Each child is respected as an individual and as someone with a particular and valuable contribution to make.

Over the years we have enjoyed having a number of children with a variety of special educational needs on roll. The staff are qualified and experienced at supporting children with special educational needs, using specialist strategies together with help and advice from outside agencies to support such children's learning and development.

Importantly we have seen time and time again how children with special needs benefit from the company of other children and vice versa. More often than not children of nursery age of any ability enjoy the same sorts of things such as music and messy play, although special needs children might just need that extra support. We pride ourselves in creating an environment in which all children, regardless of background and ability, can flourish together and are supported to reach their full potential.

The Orchard aims to make its equal opportunities policy known to all parents and would be delighted to address any queries or concerns you may have about the care of children with special educational needs.

*Please direct any queries to our
Special Educational Needs & Disabilities Co-ordinator,*
